

Homeworks are based on the problems provided in chapters 5 to 6 of the Design of Machinery by R. Norton, 2nd Edition. Solutions to the homeworks should be prepared in Microsoft Word and should be sent in the PDF format due to 6/10/98 to laleh.fatahi@gmail.com, use "Dynamics of Machinery Homework 2" as the subject of the email. Note that, proper graphical images should be used in the solution report and they should be prepared by the student and never be copied from elsewhere.

No.	ID	HW2
